ANNUAL REPORT

OF THE

Board of Education,

FOR THE

YEAR ENDING AUG. 1, 1899.

SCHOOL REPORT.

Herewith we submit a brief report of schools for year ending August 1st, 1899.

We think the schools on the whole have been as good as could be expected under the circumstances. We believe it the duty of parents and others interested in the welfare of the school children to visit the schools. It would be helpful to both teacher and pupils, consequently giving better results.

While we realize the financial condition of the town, we feel that it's poor economy to defraud our children of schooling, and not raising extra money for schools is a disgrace to the town, for which the majority of the voters are to blame.
